IV INFUSION MENU

Immunity Elixir - \$135

Defend. Restore. Thrive.

Our immunity IV infusion is packed with vitamin C, zinc, and powerful antioxidants to strengthen your body's natural defenses. Whether you are fighting off a cold, feeling run down or just wanting to stay one step ahead. This infusion gives your immune system the boost it deserves.

Pure Hydration - \$80

When drinking water is not enough, our hydration IV floods your cells with instant hydration and renewal.

Myers Cocktail - \$165

Balance your body. Elevate your well-being.

The Myers IV infusion is the ultimate nutrient reset. A time-tested formula of vitamin C, B-complex, magnesium, and calcium. Designed to restore vitality, reduce fatigue, and restore your body's natural healing process. This would also be a great option for those recovering after a night out.

Migraine Relief - \$135

Relief when you need it most.

Our migraine relief IV drip combines hydration, essential nutrients, Toradol to reduce inflammation and pain, and Zofran to reduce nausea. This infusion works quickly to calm headaches, restore balance, and helps you feel like yourself again. (You will not be treated if this is your first migraine.)

Athlete Boost - \$165

Recharge your body. Reclaim your strength.

Our Athlete IV replenishes fluids, vitamins, and minerals lost during intensive workouts and competitions. Reduce fatigue, support muscle recovery, and recover stronger so you can hit peak performance each time.

The Bombshell IV - \$135
